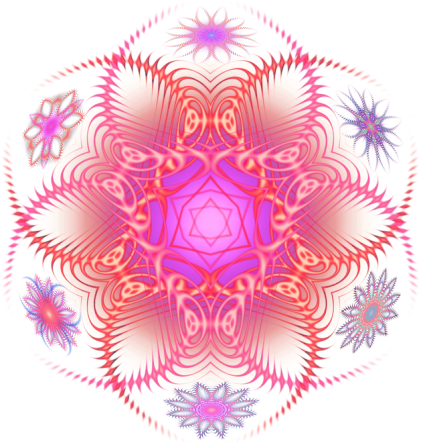
KEEP GREATER MILWAUKEE BEAUTIFUL

CRAFTS

Recycled Kaleidoscope

Supplies Needed

-Empty pringles can
-Tissue paper, shiny paper, or aluminum foil
-Scissors
-Sequins
-Glitter
-Clear glue
-Hammer and nail



A kaleidoscope changes patterns and sequences when you look through it and rotate the tube.

1. Start with a clean, dry pringles can. Place shiny paper or aluminum foil around the inside of the can.

Recycled Kaleidoscope

2. Use paint or colored paper to decorate the outside of the can.

3. Use the hammer and nail to punch an eye hole in the bottom sealed part of the can.

4. Glue sequins, tissue paper, or other embellishments to the lid of the can. Add glitter as well.

5. Hold it up to the light and look through the eye hole. Rotate the plastic lid and watch the colors spin!
